

You'll Never Stop

King of Kings, more wonderful than I can imagine
Lord of Lords, more beautiful than I can fathom
Help this heart believe that you love me

You sing over me, you tell me You're pleased
The cross is my peace, I am in awe
Your love never fades, it's fierce as the grave
A relentless flame, I am in awe

Prince of Peace, you drowned my sin in the ocean
Creator God, you tenderly call me Your own
Help this heart believe that you love me

You sing over me, you tell me you're pleased
The cross is my peace, I am in awe
Your love never fades, it's fierce as the grave
A relentless flame, I am in awe

You'll never stop, you'll never stop loving me
You'll never stop, you'll never stop loving me
You'll never stop, you'll never stop loving me
You'll never stop, you'll never stop loving me
You'll never stop, you'll never stop loving me
You'll never stop, you'll never stop loving me

You sing over me, you tell me you're pleased
The cross is my peace, I am in awe
Your love never fades, it's fierce as the grave
A relentless flame, I am in awe
